   Call before visiting a Service Center. If the Service Center you call does not have Farm Loan Programs employees, you will be directed to a Service Center that does.

2. Call to schedule an appointment with a Loan Officer at a Service Center. (Walk-ins are welcome, but Loan Officers may be unavailable at that time.)
Microloans

Microloans focus on helping finance small, beginning farmer or rancher, niche, and non-traditional farm operations.

All FSA Direct Farm Loans are funded and serviced by the FSA through local Loan Officers. The funding comes from congressional appropriations as part of the USDA budget. Interest rates are calculated monthly and are posted on the 1st of each month; view them here: https://www.fsa.usda.gov/farmloans.

Loan Limitations

Funds cannot be used to finance exotic birds, tropical fish, dogs, or horses used for racing, pleasure, show, and boarding or any other enterprises not typically associated with human consumption, fiber or draft use.

The maximum loan amount for either a Farm Ownership or a Farm Operating Microloan is $50,000. The $50,000 limit includes any outstanding FSA Direct Operating or Farm Ownership unpaid principal loan balances. A loan applicant may have other Guaranteed or Direct loans and still qualify for a Microloan. Discuss additional options with your Loan Officer.
