Loan Officers will:
- Assist you during the entire loan process.
- Help to educate you on how a Youth Loan works.
- Give feedback and suggestions on your business plan and project.
- Provide supervision throughout the life of the loan.
- Work with you in person, via email, and on the phone.

Are you ready to connect with a Loan Officer?

Follow These Steps:

1. Find your local Service Center online at: https://www.farmers.gov/service-locator or contact an agriculture representative to find out where a Service Center is located.

   Call before visiting a Service Center. If the Service Center you call does not have Farm Loan Programs employees, you will be directed to a Service Center that does.

These are general eligibility requirements that you need to meet in addition to the project requirements.

What is a Youth Loan?

Loan Purposes
You can only use Youth Loan funds to pay the expenses associated with your approved project. You can use the funds to:

• Buy livestock or equipment.
• Rent or repair needed tools and equipment.
• Pay operating expenses for the project such as seed, feed, and supplies.

Note: Funds cannot be used to finance exotic birds, tropical fish, dogs, or horses used for racing, pleasure, show, and boarding or any other enterprises not typically associated with human consumption, fiber or draft use.

Project Requirements
The approved project you are financing must:

• Produce sufficient income to repay the loan amount plus accrued interest in full (if not, a co-signer is required).
• Be related to agriculture.
• Be educational.
• Be part of an organized and supervised program such as 4-H, FFA, etc. to develop your project plan.

Loan Amount
The maximum loan amount is $5,000. There is no minimum loan amount. The funding comes from congressional appropriations as part of the USDA budget. Interest rates are calculated monthly and are posted on the 1st of each month; view them here: https://www.fsa.usda.gov/farmloans.
